

PROCESS

WHEN TRADITION MEETS TECHNOLOGY....

PIERRE GUERIN, is a specialist of food processes. We offer you some fundamental competencies for various sectors of the food industry:

- Dairy
- High viscosity products
- Fruit transformation
- Liquid egg
- Bakery and biscuits
- Wine and beverage industries

Among these specialties **PIERRE GUERIN** masters the complete operation that forms the process of fabrication:

- Storage
- Distribution
- Mixing
- Thermal treatment
- Texturation
- Dosing...

We propose a large range of equipment and corresponding technical solutions. This range is constantly being improved on the basis of our experience and historical activity

IMPROVING THE EFFICIENCY OF OUR CUSTOMERS' PROCESS...

PIERRE GUERIN exists thanks to its customers. We design innovative installations that bring process improvements to our customer processes and products with respect to sanitary standards and hygiene regulations.

At the same time we support our customers in their constant need to improve productivity, but we also make improvements to their existing working conditions.
